

A KEY INVESTMENT

I began investing in real estate at 18 and continued while pursuing a distinguished career in banking. I am well aware that a home is the largest investment most people make. My passion for helping others led me to a career as a REALTOR®. I look at each home and ask myself, is this home a good investment for my client?

"I was a first-home buyer and Liz helped me in every aspect of the deal. I love my new home, and I would not hesitate to use Liz again when selling and/or buying."

- Doreen Drughsh

WHAT'S YOUR DREAM?

HELPING YOU
FIND THE KEY
TO THE
AMERICAN
DREAM

OPENING DOORS

I use every tool at my disposal to make sure my clients are served well and promptly. As a certified e-Pro, I apply the latest communications technology to aggressively pursue my client's interests.

"In June 2000, Liz sold my condominium in less than a week! I was amazed as she took immediate action, helping me get it in top condition, and helping private showings. Liz was also a terrific asset during the building phase of our new home in Meadowridge in 2004."

- Mark and Cindy Scott

CARING IS KEY

I fully understand that people don't care what I knew until they know that I care. I commit myself fully to making my client's dreams come true.

"Liz found the perfect home for me, one that matched my specifications. Liz's professionalism, efficiency, attention to details, and her commitment to her clients are unsurpassed."

- Kathy Stevens

KEY TO THE COMMUNITY

I feel community involvement is very important. I am active in my local Homeowners Association, having held several seats on the Board of Directors and serving on several committees. I have served as Treasurer, President-Elect and President of the Johnson County Chapter of Women's Council of REALTORS®. I am also active in my church and Habitat For Humanity.
